WHAT ARE WE ALL ABOUT?

It's pretty simple, MLE has a vision to start a revolution. We want to talk about mobility products and to brighten them up. We would love to see more colour and personality added to the products we sell.

To that end, we are always researching the mobility and disability industry, so that we can bring new and innovative products into our showroom, for our lovely customers to try.

Our mission is to help our customers live their lives with confidence. We can do this, because we have experienced and knowledgeable staff, who provide honest and practical advice.

Pop into the showroom or make an appointment to talk to us about your needs and ask us as many questions as you have.

When you think mobility, we want you to say MLE!

WE KNOW WE CAN HELP TO MAKE LIFE EASIER
